MAR 6 1916

PRICE LIST  
OF  
WHITE ELM NURSERY CO.

OCONOMOWOC, WIS.

In making out this price list we have attempted to meet the requirements of different customers as some wish to do their own planting and others do not, some call at the nursery and others wish their goods delivered, etc. Therefore we have made two sets of conditions which we have called "Terms A" and "Terms B".

Our "Terms A" are as follows: F. O. B. cars Oconomowoc, packing free, net cash and not guaranteed except to be in good condition when delivered.

Our "Terms B" are as follows: Prices quoted include delivery: Also planting in orders of \$15.00 or over in such locations as we can reach without unreasonable expense. Beds for shrubs and flowers and holes for trees should be prepared in advance. Where they are not prepared, a charge of 35c per hour will be made for the time required in preparing them. A discount of 5 per cent will be allowed on all orders paid within 30 days from date of invoice. After 30 days, interest at the rate of 6 per cent per annum will be charged. We guarantee to replace at one-half price all plants which die the first year.

The following conditions apply to both "A" and "B": In all cases plants are guaranteed to be in good condition when delivered but all complaints of their condition must be made within ten days of their delivery. Orders of \$25.00 or over may be priced at the "ten's" rate and orders of \$100.00 or over may be priced at the "hundred's" rate. For this reason we have priced all kinds by "ten's" and by "hundred's" although some of them we cannot furnish in this quantity. Where the purchaser wishes to do his own planting or to assume the entire risk we will make a suitable discount depending upon the kind of plants, usually 5 per cent for assuming the entire risk and 15 per cent for planting.

## DECIDUOUS TREES

Under "Terms A" it will be necessary to make an extra charge for baling trees of two inches or more in diameter as follows, three or more at the ten rate:

	Each	Ten
2-2½ in Cal.....	\$ .35	\$ 2.00
2½-3 " " .....	.50	2.50
3-3½ " " .....	.85	4.00
3½-4 " " .....	1.25	6.00
4-5 " " .....	1.50	10.00

No extra charge for baling will be made to prices under "Terms B".

We sometimes have trees not up to standard on which we can make very low prices. These would be suitable for screening purposes or mass planting. Write for prices of trees for this purpose.

## EVERGREENS

We strongly recommend moving evergreens with a ball of earth, especially the more expensive varieties, and even the larger sizes of the cheaper kinds. In fact it is very uncertain to move the larger ones without.

If to be balled and burlaped add the following amounts to the prices below. The charge is more under "Terms B" because the delivery costs more where they are moved with ball of earth.

	Terms "A"	Terms "B"
1-2 ft. each.....	\$ .10	\$ .20
2-3 " ".....	.12	.25
3-4 " ".....	.15	.30
4-5 " ".....	.20	.40
5-6 " ".....	.25	.50

	Feet high except as noted	TERMS "A"			TERMS "B"

## SHRUBS

Shrubs quoted in this list are from three to seven years of age. Prices on two year shrubs will be given on request. Plenty of space and thorough cultivation make our shrubs extra strong and bushy—the kind for quick results. Those marked “X” are extra heavy and bushy and those marked “XX” are a few specimens which we have for special locations.

PERENNIALS

For convenience in pricing we have divided the Perennials into classes and into grades.

Grade "L" are light field grown plants such as are usually used for mail orders. They have been transplanted and most of them will bloom the first year but for quick results would recommend either of the other sizes.

Grade "No. 1" are good No. 1 plants that should all bloom the first year.

Grade "X" are extra strong plants, many of them being clumps.

The prices of the different classes are as follows:

			TERMS "A"			TERMS "B"		
			Each	Tens	Per C	Each	Tens	Per C
CLASS 1	L		\$ .10	\$ .75	\$ 5.00	\$ .15	\$ 1.30	\$10.00

1000 (1000, 1000, 1000)

The first part of the report is devoted to a general survey of the situation in the country. It is followed by a detailed account of the work done during the year. The report then goes on to discuss the results of the work and the progress made. It concludes with a summary of the work done and a statement of the conclusions reached.

Summary

The work done during the year has been of a general nature. It has been devoted to the study of the various aspects of the problem. The results of the work have been of a general nature. It has been found that the work done during the year has been of a general nature.

## BULBS

All those classed as "Hardy Bulbs" should be planted only in fall. Early fall is preferable.

Those classed as "Summer Bulbs" should be planted in spring and taken up in fall and stored in a cool, dry cellar during the winter.

## FRUIT DEPARTMENT

## APPLES

		TERMS "A"			TERMS "B"		
		Each	Tens	Per C	Each	Tens	Per C
4-6 ft.	No. 1	.40	3.00	25.00	.60	5.00	40.00
3-4 ft.	No. 1	.30	2.50	20.00	.45	4.00	30.00

The following are the varieties which we carry and which we recommend for Wisconsin but we can usually get other kinds for customers who wish them.

DUCHESS, late summer.  
 EARLY HARVEST, early summer.  
 FOREST WINTER, winter.  
 GRIMES GOLDEN, "  
 MCINTOSH RED, "  
 NORTHERN SPY, "  
 N. W. GREENING, "  
 PEWAUKEE, "  
 RED ASTRICHAN, summer.  
 RUSSETT, GOLDEN, winter.  
 RUSSETT, WISCONSIN, winter.  
 SNOW, early winter.  
 TALMAN SWEET, winter.  
 WEALTHY, early winter.  
 WINTER BANANA, winter.  
 YELLOW TRANSPARENT, early summer.

## CRABS

Price and sizes same as Apple.  
 HYSLOP, bright red.  
 SWEET RUSSETT, yellow.  
 TRANSCENDANT, red with yellow streaks.  
 WHITNEY, red.

## DWARF APPLES

3-4 ft.	.75	5.00	30.00	1.00	7.50	50.00
---------	-----	------	-------	------	------	-------

A useful and attractive novelty.

## PEARS

5-6 ft.	No. 1	.60	5.00	40.00	.85	7.50	60.00
---------	-------	-----	------	-------	-----	------	-------

BARTLETT, large yellow, fine flavor.  
 KIEFFER, very productive but not as good flavor as others.  
 SECKLE, small but excellent flavor.

## CHERRY

4-6 ft.	No. 1	.45	4.00	35.00	.75	6.00	50.00
